2.1 Confirmed Reservations

2.1.1. Customers who have purchased a reservation through the following methods hold a confirmed reservation:

- a. Direct bookings made with Spirit Airlines via [Spirit's website \(www.spirit.com\)](http://www.spirit.com) or by contacting the Spirit Airlines Reservations Center at 801-401-2222.
- b. Travel agency or internet travel site bookings (purchased other than at [Spirit's website \(www.spirit.com\)](http://www.spirit.com)).

Subject to any applicable limitations or restrictions set forth herein, customers with confirmed reservations will be entitled to transportation between airports of origin and destination. Confirmed reservations are valid for the dates and flights indicated in the reservation.

No reservation paid by credit card shall be considered a confirmed reservation if the transaction is not accepted by the carrier for any reason, whether or not the customer is notified that the reservation has been cancelled. Original credit card used may be requested at check-in in order to confirm the reservation.

2.2 Refusal to Sell Transportation

2.2.1. Spirit may refuse to sell transportation to any person, including the following, and may inform such persons that they are not permitted to purchase transportation from Spirit:

- a. Prior Misconduct – A person who has disrupted airline operations (at Spirit or other airlines), mistreated employees (of Spirit or others), or has not complied with Spirit's policies or has otherwise violated this Contract of Carriage.
- b. Misconduct – A person who has committed a fraudulent act against Spirit.

2.3 Check-In

2.3.1. Customers are required to have a boarding pass in-hand by the check-in time limit outlined in [section 2.4.1.a](#). Check-in begins at least two (2) hours prior to departure at the Spirit airport ticket counter or 24 hours prior to flight departure on [Spirit's website \(www.spirit.com\)](http://www.spirit.com) if eligible for online check-in. A Boarding Pass service charge will be applied to customers who choose to have their boarding pass printed by an agent at domestic airports except West Palm Beach, FL.

- a. For domestic flights, Spirit recommends that customers arrive at the airport at least two (2) hours prior to (original) scheduled departure.
 - b. For international flights, Spirit recommends that customers arrive at the airport at least three (3) hours prior to (original) scheduled departure.

Customers who present baggage after this time limit may be refused transportation. In the event that baggage is accepted after this time limit, the customer will be liable for any applicable delivery costs if the bag is not carried on the same flight as the customer.

2.4 Cancellation of Reservations

- 2.4.1. All reservations and seat assignments are subject to cancellation without notice if:
- a. The customer does not have a boarding pass in-hand at least 45 minutes prior to the (original) scheduled departure time for all domestic flights, and 60 minutes prior to the (original) scheduled departure time for all international flights including U.S.V.I. flights.

- In the event of a delay, customers are recommended to remain in the gate area for updates and possible early departures. Spirit shall not be liable to any customer who misses a flight, which departed earlier than the estimated departure time posted for the delay.
- c. The customer fails to travel on any flight segment of a booked itinerary and fails to modify/cancel their reservation prior to the time limit outlined in [section 3.3](#). In such instances, all subsequent flight segments on the itinerary will be cancelled.
 - d. Such action is necessary to comply with any governmental regulation or direction, or to comply with any governmental request for emergency transportation in connection with the national defense.
 - e. The customer has been informed that he/she is not permitted to purchase transportation from Spirit.
- 2.4.2. If Spirit refuses to transport the customer for any of the reasons stated above, the customer would not be eligible for denied boarding compensation.

3. FARES

3.1 General

Fares are subject to change until purchased. All domestic and international fares are per customer for each way of travel and include the base fare plus any applicable taxes, fees and surcharges; however, certain foreign countries may charge additional taxes and fees that are collected directly by the local government or local airport authority upon arrival or departure. Additional Spirit optional services may apply.

NOTE: Cash conversion kiosks (operated and independently managed by companies not affiliated with Spirit Airlines) may be available at some airport locations. In no event shall Spirit Airlines be liable for any direct, indirect, incidental or consequential damage arising out of the use of such cash conversion machines.

3.3 Customer Initiated Modifications

3.3.1. Changes to an itinerary must be made at least 45 minutes prior to the (original) scheduled departure time for all domestic flights, and 60 minutes prior to the (original) scheduled departure time for all International flights including U.S.V.I. flights (See [section 2.4.1.a.](#)). Online changes must be made at least one hour prior to the (original) scheduled departure.

Itinerary changes are subject to a per customer service charge, plus any difference in airfare for the alternate requested date(s) or flight(s), and any difference in government taxes and fees. With the exception of optional service charges for carry-on bags and/or first and second checked bags, any difference in carrier's optional service charges may also apply.

3.3.2. Cancellations to an itinerary must be made at least 45 minutes prior to the (original) scheduled departure time for all domestic flights, and 60 minutes prior to the (original) scheduled departure time for all International flights including U.S.V.I. flights (See [section 2.4.1.a.](#)). Online changes must be made at least one hour prior to the (original) scheduled departure.

Itinerary changes are subject to a per customer service charge. A credit for future travel on Spirit may be issued if any remaining value exists. Certain carrier charges may be excluded from the value of the credit. All credits for future travel must be booked within 60 days of issuance for travel on any flight

dates available in the system and have no cash value. A credit for future travel is non-transferable. Taxes and fees will not be refunded except when required by applicable law and when requested. Failure to cancel prior to the time limit specified above will result in forfeiture of fare.

- 3.3.3. All Spirit fares and optional services are purchased as non-refundable; however, a refund will be allowed if a reservation is canceled within 24 hours of initial booking, provided the reservation was made seven (7) days (168 hours) or more prior to the flight's scheduled departure.
- 3.3.4. Optional services may be purchased separately during the booking process by calling Reservations, on spirit.com or at the airports. Click here for [optional services](#).

3.4 Routing

A fare applies only to the following:

- 3.4.1. Transportation between airports via the intermediate cities, if any, specified by Spirit in reference to that fare.
- 3.4.2. Reservations may not be issued or accepted for transportation that will either originate or terminate at an airport other than the airport for which the fares are published.

3.5 Children's Fare

Spirit Airlines does not offer children fares.

4. **ACCEPTANCE/REFUSAL OF CUSTOMERS**

4.1 Identification

A customer who refuses or fails to produce identification upon request may be denied service.

4.2 Travel Requirements and Documentation

The customer shall comply with all laws, regulations, orders, demands, or travel requirements (including but not limited to passports, visas, and health/immunization requirements) of countries to be flown from, into, or over, and with all rules, regulations, and instructions of Spirit.

4.2.1 Spirit shall not be liable for:

- a. any aid or information given by any agent or employee of Spirit to any customer in connection with obtaining necessary documents or complying with such laws, regulations, orders, demands, requirements, or instructions, whether given orally, in writing, or otherwise;
- b. the consequences to any customer resulting from his/her failure to obtain such documents or to comply with such laws, regulations, orders, demands, requirements, or instructions;

- c. any expenses incurred due to the customer's failure to comply with this provision.

4.2.2 Spirit reserves, in its sole discretion, the right to refuse carriage to any customer who has not, in the judgment of Spirit, complied with applicable laws and regulations.

4.2.3 The customer agrees to pay the applicable fare whenever Spirit, on government order, is required to return a customer to his or her point of origin or elsewhere due to the customer's inadmissibility into or deportation from a country, whether of transit or of destination.

4.2.4 Spirit reserves the right to hold, photocopy, or otherwise make an image reproduction of a travel document presented by any customer and accepted by Spirit as a condition of boarding.

4.3 Conduct/Condition

4.3.1. A customer shall not be permitted to board the aircraft or may be required to leave an aircraft if that customer:

- a. is disorderly, abusive or violent;
- b. appears to be intoxicated or under the influence of drugs;
- c. interferes or attempts to interfere with any member of the flight crew in the pursuit of his/her duties;
- d. is or is perceived by the flight crew to pose a security threat to the airline and/or other customers;
- e. has a contagious disease that is transmissible during the normal course of a flight, e.g., chicken pox;
- f. is unable or unwilling to sit in a seat with a seat belt fastened during the normal course of a flight;
- g. is barefoot or inadequately clothed, and fails to obey lawful instructions of flight crew members; or
- h. has an offensive odor unless caused by a qualified disability.

4.3.2. If a customer is not permitted to board and/or required to leave an aircraft for safety and/or regulatory reasons under paragraph [4.3](#) and its sub sections, the customer will not be eligible for a refund.

4.3.3. Diversion of Aircraft - If Spirit is required to divert an aircraft to land at a location other than its intended destination due to a passenger's disruptive or disorderly conduct, Spirit will be entitled to reimbursement from the passenger for the additional costs that Spirit incurs for such diversion, including costs to accommodate other passengers, excess crew and ground handling costs, fuel and fees. The amount due will be as determined by Spirit.

4.4 Refusal to Transport

Spirit may refuse to transport, or remove from any flight, any customer for the following reasons:

- 4.4.1. Compliance with any government regulation or with government request for emergency transportation in connection with national defense or national disasters (actual, threatened, or reported).
- 4.4.2. Whenever necessary or advisable by reason of weather or other conditions beyond its control (including, without limitation, acts of God, labor disturbances, strikes, civil commotions, embargoes, wars, hostilities, or disturbances) actual, threatened, or reported.
- 4.4.3. Refusal by a customer to permit a search of person or property for explosives, or for deadly or dangerous weapons, articles, or substances.
- 4.4.4. Spirit may refuse to transport any customer who is traveling across any international boundary if:
 - 4.4.4.1. the travel documents of such customer are not in order;
 - 4.4.4.2. for any reason, such customer's embarkation from, transit through or entry into any country from, thru, or to which such customer desires transportation would be unlawful; or
 - 4.4.4.3. such customer fails or refuses to comply with the rules and regulations of Spirit.

4.5 Prisoners

Spirit Airlines will not transport prisoners in the custody of law enforcement under any circumstances with or without restraints.

4.6 Customers with Disabilities

All customers with disabilities will be provided transportation except when refused transportation per the FAA Regulations regarding safety. Customers with disabilities need not give advance notice. A 48-hour advance notice is only required for the services, equipment, and accommodations stated in the DOT's 14 CFR part 382.27 (c) regarding nondiscrimination on the basis of a disability in air travel.

4.6.1. Attendants

Customers with disabilities are not required to travel with an attendant unless it is determined by the carrier that an attendant is essential for safety as stated in the DOT's 14 C.F.R. part 382.29 regarding nondiscrimination on the basis of a disability in air travel. Spirit personnel are not obligated to provide special assistance for personal needs (e.g., assistance in actual eating, assistance within the restroom, provision of medical services).

4.6.2. Medical Certificates

If there is reasonable doubt that a customer can complete their flight safely, without requiring extraordinary medical assistance during flight, a medical

certificate may be required in order for the customer to travel. A medical certificate is a written statement from a doctor asserting that an individual is capable of completing a flight safely, without requiring extraordinary medical assistance during flight. Medical certificate must be dated within 10 days of the customer's departure flight.

4.7 Communicable Disease

If a customer has a disease that is potentially transmissible during flight, a medical certificate is required and must state that the customer's condition would not be communicable to other customers during the normal course of the flight. If it is potentially transmissible during the flight, but this can be prevented if certain conditions or precautions are implemented, the certificate would have to describe those conditions or precautions. In such instances, Spirit will put forth reasonable effort to carry out these measures, however, if Spirit is unable to do so, the customer will not be permitted to travel. A medical certificate in the situation of a communicable disease must be dated within 10 days of the flight for which the customer intends to travel (not 10 days prior to the customer's initial departure flight).

4.8 Respiratory Assistive Devices/Portable Oxygen Concentrators (POC)

Certain respiratory assistive devices (including portable oxygen concentrators, respirators, and ventilators) which are approved by the FAA for use in flight may be used on board Spirit Airlines aircraft. Customers using such permitted devices must do so strictly in accordance with applicable regulations, including the carriage of sufficient batteries. Spirit Airlines personnel are not trained to assist with or operate such devices.

Customers are encouraged to review any applicable requirements by referring to [Spirit's website \(www.spirit.com\)](http://www.spirit.com) or by contacting Spirit Airlines Reservations at 1-801-401-2222. It is also recommended that the customer call Spirit Airlines Reservations at least 48 hours before scheduled departure, to have it documented that the customer will be traveling with and using a respiratory assistive device onboard. To use a POC on board, customers must have an FAA approved POC. For more information, please review [Portable Oxygen Concentrators within the Special Items Chart in 7.5](#).

4.9 Pregnancy

Customers who are pregnant are urged to consult with their physician on whether it is safe to travel by air, including with due consideration the possibility of turbulence, cabin pressurization, significantly increased risk of deep vein thrombosis associated with pregnancy, and lack of ready access to medical care. This is particularly important for women in their ninth month of pregnancy, who are urged to obtain an examination from her physician shortly before flying to confirm that flying by air will be safe. Women with a history of complications or premature delivery should not fly at all. By travelling with Spirit, pregnant women acknowledge and accept these risks.

4.10 Customers of Size

Additional Seat Purchase – The purchase of more than one seat for use by a single customer is required to accommodate a customer of size who encroaches on an adjacent seat area and/or is unable to sit in a single seat with the armrests lowered.

4.10.1. The customer of size can either purchase a seat assignment in a Big Front Seat or purchase another reservation for an additional seat on the aircraft. Please

see [section 4.11.2](#) for information related to seatbelt extensions and inflatable seatbelts.

- 4.10.2. If there are no available seats on the aircraft, the customer will be booked on Spirit's next available flight or the reservation will be refunded.

4.11 Seats

- 4.11.1 It is the customer's responsibility to notify Spirit of a unique seating need. In accordance with the Contract of Carriage, Spirit may refuse to transport individuals who are unable or unwilling to comply with Spirit's seating requirements.

4.11.2 Inflatable Seatbelts

Inflatable seatbelts are located on Spirit's Airbus 319, 320, 32A and 32B aircraft, which includes some Big Front Seats ([For additional information related to inflatable seatbelt locations, click here.](#)). Any customer who occupies a seat that is equipped with an inflatable seatbelt must have their seatbelt securely fastened (buckled low and tight) around the customer's lap. Additionally, any customer traveling with a lap child or service animal that will sit in the customer's lap shall not be permitted to occupy a seat equipped with an inflatable seatbelt. Car seats may not be accommodated in any seat equipped with an inflatable seatbelt.

If a crew member determines that the customer cannot be safely accommodated as indicated above, he/she will attempt to reseat the customer and, if the original seat was purchased, the customer will be entitled to a refund for the optional service charge paid for such seat.

NOTE: Seatbelt extensions may not be used in any seat equipped with an inflatable seatbelt.

5. **ACCEPTANCE OF CHILDREN**

5.1 Accompanied Children

Accompanied children are accepted for transportation on both domestic and international flights as follows:

- 5.1.1. Children under 15 years of age are accepted when accompanied on the same flight by another customer who is at least 15 years of age.
- 5.1.2. For travel to/from an international destination, all children, regardless of age, are required to have a valid passport and all foreign government documentation required for entry into and departure from the foreign country. These documents must be provided to Spirit at time of check in. It is the customer's responsibility to verify foreign government documentation and entry requirements.

5.2 Unaccompanied Children

Unaccompanied children are accepted for transportation only on domestic flights as follows:

- 5.2.1. For travel wholly within the United States and its territories, children at least 5 years of age through 14 years of age are accepted for unaccompanied travel on Spirit flights that do not involve a scheduled change of aircraft (i.e., connecting flights). Unaccompanied children will not be accepted for travel on connecting flights or for travel on international flights.
- 5.2.2. Children less than 5 years of age will not be accepted for unaccompanied travel.
- 5.2.3. Spirit does not accept unaccompanied children for travel to/from international destinations.
- 5.2.4. Young adults aged 15 or older are permitted to travel alone domestically and internationally. For international travel, they are required to have a valid passport and any other documents required by the country they are traveling to.
- 5.2.5. A service charge will apply for each unaccompanied child per way of travel, which includes Federal Excise Tax required to be collected and remitted to the U.S. government.
- 5.2.6. All travel by unaccompanied children must be on flights on which the child holds a confirmed reservation.
- 5.2.7. Spirit Airlines will not assume any financial or guardianship responsibilities for an unaccompanied child beyond those applicable to an adult customer. In addition, Spirit Airlines will not assume any liability for any out-of-pocket expenses incurred by the adult transporting the unaccompanied minor from the airport in the event of a delay and/or flight cancellation.
- 5.2.8. Gate Passes and Handling Procedures for Unaccompanied Minors
 - 5.2.8.1. All unaccompanied children must check in at the airport ticket counter with his/her parent or other responsible adult. Online check-in is not available for unaccompanied children.

Be sure to arrive to the airport early in order to complete the required documentation and to see the child safely through security screening (when permitted by airport) and identify the child to the gate agent for the boarding process.
 - 5.2.8.2. The adult must remain at the airport until 15 minutes after the flight takes off.
 - 5.2.8.3. Spirit must be provided the name and phone number of the parent or other responsible adult who will meet the child upon deplaning. The Customer Service Agent documents the information on an Unaccompanied Minor form, and places a copy of this information into a pouch. The pouch is then placed around the child's neck to

identify to the Flight Attendants that the child is traveling alone as an unaccompanied minor.

If the minor(s) is not met upon arrival by the individual responsible for meeting the minor(s), Spirit shall take whatever action deemed necessary by Spirit to ensure the minor(s) safe custody, including the return of the minor(s) to the airport of departure. The responsible adult who accompanied the minor(s) to the departure airport shall be responsible to reimburse Spirit for any and all expenses incurred by such actions.

- 5.2.8.4. The person dropping off the child must obtain a gate pass at the airport ticket counter (where permitted), then escort the child to the gate. The person picking up the child must obtain a gate pass at the airport ticket counter (where permitted) to proceed to the gate for the arrival of the flight. Spirit Airlines requires a photo Identification from the person(s) designated to meet the minor at the destination and will not release the child to anyone else.

Gate passes are only provided for an escort of an Unaccompanied Minor and for people who require assistance. Gate passes are not issued to anyone who requests a gate pass; there must be a valid reason. TSA requirements/security restrictions may vary based on the airport; thus, gate passes will be issued dependent on the current airport security/TSA guidelines.

5.3 Infants

- 5.3.1. Spirit encourages all adults traveling with children under the age of two (2) to purchase a seat for the child and secure the child in an FAA approved car seat. A paying adult customer may carry on his or her lap one infant over seven (7) days and under two (2) years of age (24 months). Once a child reaches their second birthday, they are no longer permitted to travel as a lap child. Spirit reserves the right to request documented proof of age for any traveler 2 years of age or younger. Please be prepared to provide documentation (birth certificate, passport, etc.) upon request.
- 5.3.2. If space is available after boarding, or if a separate reservation has been purchased for an infant over seven (7) days and under two (2) years of age, the infant may travel in a separate seat, provided that the infant must be securely placed in an FAA approved child restraint system (car seat) which meets the guidelines in [section 5.4](#).
- 5.3.3. An infant, age seven (7) days or less or an infant requiring an incubator or other life-support systems shall not be accepted for travel on Spirit.

5.4 Car Seats

One (1) car seat and one (1) stroller will be accepted per child as checked baggage at no charge. These items are not considered part of the customer's baggage allowance. Car seats may be carried on board the aircraft if a seat has been purchased for the child; one (1) child per car seat. To be accepted for use on board, car seats must be FAA approved and conform to the following guidelines:

- 5.4.1. Child Seats manufactured before 2/26/1985 must bear the label "This child restraint system conforms to all applicable federal motor vehicle safety standards."
- 5.4.2. Child Seats manufactured after 2/25/1985 must bear the following two labels:
 - 1) "This child restraint system conforms to all applicable federal motor vehicle safety standards" and,
 - 2) "This restraint is certified for use in motor vehicles and aircraft."
- 5.4.3. Child Seats bearing the approval of a foreign government or seats manufactured under the standards of the United Nations are also acceptable.

NOTE: Car seats may not occupy a seat in an exit row, the row in front of or behind an exit row, or any seat equipped with an inflatable seat belt.

Some FAA approved car seats may not always fit in certain Spirit Airlines aircraft seats (see minimum seating dimensions below). Depending on the type of aircraft, Spirit Airlines will either try to re-seat the customer or re-accommodate them. If the car seat is not able to be safely accommodated on the aircraft (e.g., car seat too large for the aircraft seat) and the customer has purchased an extra seat which cannot be utilized, a refund will be issued without penalty.

The customer assumes full responsibility for the conduct of his or her accompanying pet, service animal, emotional support animal or psychiatric service animal. In the event Spirit incurs any loss, damage, delay, expense or legal liability of any kind in connection with the transport of such animal, the customer accepts full liability for any sums incurred.

6.2 Pet Animals in Cabin

On domestic flights (between two points within the United States or between the United States and Puerto Rico or St. Thomas, U.S.V.I.), for an extra charge, Spirit will only accept domestic dogs, cats and in some cities small household birds including parrots, finches, canaries and parakeets. Birds that are not considered household birds are farm poultry, waterfowl, game birds, birds of prey, or flightless birds. Birds are not accepted to and from cities in Puerto Rico and St. Thomas U.S.V.I.

Spirit will accept pets for transportation in the customer cabin under the following conditions:

- 1) The animal is harmless, not offensive, odorless, and requires no attention during transit.
- 2) The container must be inspected and approved by Spirit and able to fit underneath the seat in front of the customer traveling with the animal. (Maximum container size is 18" x 14" x 9" (45.72 cm x 35.56 cm x 22.86 cm) in overall dimensions (L x W x H). The combined weight of the pet and carrier may not exceed 40 pounds (18.14 kg). The pet must be able to stand and turn around in the container.

6.3 Service Animals

Spirit accepts for transportation, without charge, service animals trained to lead the hearing or visually impaired or trained in special assistance for the customer with a disability. There is no limit to the number of service animals allowed per customer. The animal must be accommodated in accordance with FAA safety regulations. Spirit will make every reasonable effort to accommodate the customer in the event that the assistance of two or more service animals is required. If the animals cannot be accommodated together at a single passenger seat, the customer may purchase a second seat, so that the animal can be accommodated in accordance with FAA safety regulations or the customer may be accommodated on a later flight where more seats are available.

For international travel, depending on the international destination, specific documentation regarding the service animal may be required. Customers are responsible for checking with the destination country for rules of acceptance of service animals as certain countries have restrictions and/or quarantine guidelines. For additional information please contact Spirit Customer Service at 801-401-2222.

Spirit reserves the right to ask if an animal is needed to provide assistance for a disability and may request documentation for service animals. Animals that are unruly or aggressive will be denied the right to board the aircraft.

6.3.1. Emotional Support Animals

Spirit accepts for transportation, without charge, emotional support animals. As permitted under 14 C.F.R. 382.117(f), Spirit may reject certain types of animals, for example, on the basis of safety. If a customer seeks to travel with an animal that is used as an emotional support or psychiatric service animal, Spirit Airlines is not required to accept the animal for transportation in the cabin unless the customer provides current documentation (i.e., no older than one year from the date of the customer's scheduled initial flight) on the letterhead of a licensed mental health professional including a medical doctor specifically treating the customer's mental or emotional disability (e.g., psychiatrist, psychologist, licensed clinical social worker) stating the following:

7.1.1. All baggage charges are non-refundable and may be paid in advance or at the airport. Certain countries may require taxes be collected on baggage charges. In such instances in addition to any other applicable charges set forth herein, such taxes will be collected by Spirit and paid to the taxing authority or as required under local regulations. In the event of a modification of an itinerary, the customer may have to pay any applicable increase in baggage charges. See [section 3.3](#) for further information.

- 7.1.2. Baggage charges are applicable per item, per way of travel, with the exception of stopovers and reservations purchased with multiple individual flight segments rather than as a valid connecting flight within the Spirit reservation system. In such instances, baggage charges are applicable per item, per individual flight segment. It is the customer's responsibility to claim their checked item(s) at each point of stopover. The item(s) must then be re-checked at the ticket counter prior to boarding the next flight segment on the reservation. Spirit is not liable for baggage which is not transferred due to the purchase of a non-valid connection.

- 7.2.4. Personal items may not exceed the dimensions of 18 inches by 14 inches by 8 inches (45 cm x 35 cm x 20 cm) including handles and wheels. Any item that exceeds these dimensions is no longer considered a personal item and a carry-on or checked bag charge will apply.
- 7.2.5. The following items do not count towards a customer's carry-on allowance. Although these articles are exempt from carry-on limitations, they must be properly stowed for ground movement, takeoff and landing.

These exempt articles include, but are not necessarily limited to the following:

7.2.7. **Seat Baggage**

An item of baggage may occupy a seat, subject to applicable regulations, provided the customer accompanies the property, the item meets specified dimensions, the item can be properly secured by the seatbelt, reservations are made in advance, and the applicable fare is paid. Items accepted as seat baggage cannot block placards or signs.

7.7.1.1. Spirit assumes no responsibility or liability for the following items in or as checked or carry-on baggage: money, negotiable papers and instruments, securities, business documents, irreplaceable items, books, manuscripts, blueprints, publications, photographic or electronic equipment and accessories, computers and accessories, CD/DVD's, computer hardware or software, machinery (including parts), tools, jewelry, watches, eyeglasses (prescription or non-prescription), silverware, china, precious metals and stones, heirlooms, furs and fur products, e-cigarettes and other battery-powered smoking devices, tobacco products, collectibles, antiques, artifacts, paintings and other works of art, art supplies, medication, human organs, perfumes, commercial items, cosmetics, samples, keys, or any similar valuable or fragile items or items not packaged in accordance with other rules described in this contract.

Liability for loss, delay or damage to checked baggage is limited to approximately \$9.07 per pound for checked baggage and \$400 per customer for unchecked baggage.

Liability is for a maximum of 40 lbs/18.1 kgs (\$362.80) per checked bag, unless the customer pays an additional checked

baggage charge, and the precise weight of the baggage is noted on the customer's baggage claim check.

- Small authorized PEDs are devices under two (2) pounds and are of a size that can easily be placed in a seat pocket along with the other materials that are normally found in the seat pocket (Passenger Safety Information Card, Menu and/or airsickness bag). They include devices like tablets, readers and mobile phones and may be used during all phases of flight including taxi, take-off and landing. However, if using them during taxi, take-off and landing, you must secure these devices by holding them, putting them in your pocket or holster, or placing them in a seatback pocket.
- Large authorized PEDs are devices two (2) pounds or more such as full-size laptops. They must be turned off and stowed during taxi, takeoff and landing. You can stow them by having them under the seat in front of you or in an overhead compartment. These devices may be used about 10,000 feet when authorized by a Flight Attendant announcement.
- On all flights operating outside U.S. airspace, portable electronic devices cannot be used during taxi, takeoff and landing, but may be used above 10,000 feet when authorized by a Flight Attendant announcement.
- Headsets or earphones (buds) are required for any audible portable device and any cords or accessories must not impede emergency egress.
- Devices must have their cellular network service disabled, commonly known as "Airplane Mode", from the time the aircraft door is closed for departure from the gate until the aircraft is taxiing to the gate upon arrival when authorized by a Flight Attendant announcement.

- Cell phone use is still limited and calls cannot be made during times when cellular network is to be disabled.
- Items which may not be operated at any time inside the aircraft include: TV receivers, remote controlled toys, e-cigarettes, radio transmitters and personal air purifiers.

8. SCHEDULE CHANGES, DELAYED FLIGHTS AND CANCELED FLIGHTS

8.1 Spirit Airlines Responsibility for Schedules and Operations

Times shown in a timetable or elsewhere are not guaranteed and form no part of the terms of transportation. Spirit may, without notice, substitute alternate carriers or aircraft, and may alter or omit stopping places shown on the reservation. Schedules are subject to change without notice. Spirit is not responsible or liable for making connections (on its own flights or flights of any other carrier), or for failing to operate any flight according to schedule, or for changing the schedule of any flight.

8.2 Rebooking

When a customer holding a confirmed reservation on a Spirit flight which is delayed because of a schedule irregularity (including but not limited to, a missed connection, flight cancellation, omission of a scheduled stop, substitution of equipment, or schedule change), Spirit may rebook the customer on Spirit's first flight on which seats are available to the customer's original destination without additional charge. Our staff will focus on rebooking as many customers as possible on alternate flights, either direct to the destination or via connections through other airports to best accommodate the customer's needs.

A change may be made to an itinerary without a charge and/or fare difference when the itinerary was affected by a cancelled flight, an eligible schedule change or a delayed flight (greater than two hours from the original departure time) provided:

- The same departure and arrival airports are booked and;
- The itinerary is rebooked within Spirit's authorized date ranges (currently within 7 days of the departure date).

With limited exceptions, Spirit will not reimburse customers for flights that they book on other carriers.

8.3 Amenities/Services for Customers

Spirit will not assume expenses incurred as a result of a flight delay, cancellation, or schedule change. Spirit may provide limited amenities and services, which may be required by certain customers in order to maintain their safety, health and welfare. Amenities provided by Spirit are provided as a courtesy to the customer and are not to be considered an obligation of Spirit.

In the case of a cancellation or misconnection, if rebooking options are available the following day, and the cancellation was due to our failure, we may offer overnight hotel accommodations for non-local customers. However, if the cancellation or misconnection is caused by severe weather, Air Traffic Control decisions or other issues outside of Spirit's control, we cannot offer such accommodations. We will, nevertheless, make reasonable efforts to provide information enabling customers to secure accommodations on their own. No lodging will be provided to a customer on any Spirit flight which is delayed or canceled in the originating city on the customer's reservation.

9. DENIED BOARDING

When Spirit is unable to provide a previously confirmed seat due to an oversell condition, Spirit will take voluntary and/or involuntary denied boarding customers in accordance with regulations of the DOT as specified below:

9.1 Voluntary

If a flight is oversold (more customers hold confirmed reservations than there are seats available), no one may be denied boarding against his or her will until airline personnel first ask for volunteers who will give up their reservations willingly in exchange for payment of Spirit's choosing.

9.2 Involuntary

If a flight is oversold and there are not enough volunteers, other customers may be denied boarding involuntarily in accordance with the following:

9.2.1. With the exception of Unaccompanied Minors and Customers with Disabilities, the last customer(s) to check in may be denied boarding in the event of an oversell, weight and balance or reduction of aircraft capacity due to inoperable seats when required for operational or safety reasons.

9.2.2. If customers are to be denied boarding involuntarily (after volunteers are solicited), they will be selected based on their time of check-in, in other words the last customer to check in on the flight will be the first customer removed from the flight. Spirit reserves the right to modify the manner of priority per 14 C.F.R. Section 250.3.

9.3 Exceptions to Payment of Compensation for Denied Boarding

No denied boarding compensation will be made if:

9.3.1. The denied boarding is a result of a substitution of an aircraft with lesser capacity. Customers will be denied boarding based on the following criteria:

- Time of booking if the flight is outside of 3 hours prior to the (original) scheduled departure time, or
- Time of check-in if the flight is within airport control of 3 hours prior to the (original) scheduled departure time.

9.3.2. The customer is accommodated on a flight scheduled to arrive within one (1) hour of the original arrival time.

9.3.3. The customer has not fully complied with the airline's reservation or check-in time limits or the customer is not acceptable for transportation under the airline's usual rules and practices.

9.4 Denied Boarding Regulations

9.4.1 Compensation for Denied Boarding

If you have been denied a reserved seat on Spirit Airlines, you are probably entitled to monetary compensation. In the case of an oversold flight, Spirit will provide information explaining the airline's obligation and the customer's rights in the case of an oversold flight, in accordance with regulations of the DOT.

9.4.2 Volunteers and Boarding Priorities

If a flight is oversold (more customers hold confirmed reservations than there are seats available), no one may be denied boarding against his or her will until airline personnel first ask for volunteers who will give up their reservation willingly, in exchange for compensation of the airline's choosing. If there are not enough volunteers, other customers may be denied boarding involuntarily in accordance with the following boarding priority of Spirit Airlines.

9.4.3 Compensation of Involuntary Denied Boarding

If you are denied boarding involuntarily, you are entitled to a payment of "denied boarding compensation" from the airline unless:

- 1) you have not fully complied with the airline's ticketing, check-in and reconfirmation requirements, or you are not accepted for transportation under the airline's usual rules and practices; or
- 2) you are denied boarding because the flight is canceled; or
- 3) you are denied boarding because a smaller capacity aircraft was substituted for safety or operational reasons; or
- 4) you are offered accommodations in a section of the aircraft other than specified in your ticket, at no extra charge (a customer seated in a section for which a lower fare is charged must be given an appropriate refund); or
- 5) Spirit is able to place you on another flight or flights that are planned to reach your next stopover or final destination within one hour of the planned arrival time of your original flight.

9.4.4 Amount of Denied Boarding Compensation

Domestic Transportation

Customers traveling between points within the United States (including the territories and possessions) that are denied boarding involuntarily from an oversold flight are entitled to:

- 1) no compensation if the carrier offers alternate transportation that is planned to arrive at the customer's destination or first stopover not later than one hour after the planned arrival time of the customer's original flight;
- 2) 200% of the fare to the customer's destination or first stopover, with a maximum of \$675, if the carrier offers alternate transportation that is planned to arrive at the customer's destination or first stopover more than one hour but less than two hours after the planned arrival time of the customer's original flight; or
- 3) 400% of the fare to the customer's destination or first stopover, with a maximum of \$1,350, if the carrier does not offer alternate transportation that is planned to arrive at the airport of the customer's destination or first stopover less than two hours after the planned arrival time of the customer's original flight.

Length of Arrival Delay to Final Destination Due To Over Sale	Amount of Compensation
0 to 1 hour arrival delay	No compensation
1 to 2 hour arrival delay	200% of fare to destination (but no more than \$675)
Over 2 hour arrival delay	400% of fare to destination (but no more than \$1350)

International Transportation

Customers traveling from the United States to a foreign point who are denied boarding involuntarily from an oversold flight originating at a U.S. airport are entitled to:

- 1) no compensation if the carrier offers alternate transportation that is planned to arrive at the customer's destination or first stopover not later than one hour after the planned arrival time of the customer's original flight;
- 2) 200% of the fare to the customer's destination or first stopover, with a maximum of \$675, if the carrier offers alternate transportation that is planned to arrive at the customer's destination or first stopover more than one hour but less than four hours after the planned arrival time of the customer's original flight; or
- 3) 400% of the fare to the customer's destination or first stopover, with a maximum of \$1,350, if the carrier does not offer alternate transportation that is planned to arrive at the airport of the customer's destination or first stopover less than four hours after the planned arrival time of the customer's original flight.

1 to 4 hour arrival delay	200% of fare to destination (but no more than \$675)
Over 4 hour arrival delay	400% of fare to destination (but no more than \$1350)

9.4.5 Alternate Transportation

“Alternate transportation” is air transportation with a confirmed reservation at no additional charge (by any scheduled airline licensed by DOT), or other transportation accepted and used by the customer in the case of denied boarding.

9.4.6 Method of Payment

Except as provided below, the airline must give each customer who qualifies for involuntary denied boarding compensation a payment by cash or check for the amount specified above, on the day and at the place the involuntary denied boarding occurs.

If the airline arranges alternate transportation for the customer’s convenience that departs before the payment can be made, the payment shall be sent to the customer within 24 hours.

The air carrier may offer free or discounted transportation in place of the Involuntary Denied Boarding Compensation payment. In that event, the carrier must disclose all material restrictions on the use of the free or discounted transportation before the customer decides whether to accept the transportation in lieu of Involuntary Denied Boarding Compensation. The customer may insist on the Involuntary Denied Boarding Compensation or refuse all compensation.

9.4.7 Customer’s Options

Acceptance of the compensation may relieve Spirit Airlines from any further liability to the customer caused by its failure to honor the confirmed reservation. However, the customer may decline the payment and seek to recover damages in a court of law or in some other manner.

10. REFUNDS

10.1 Voluntary

Certain optional service charges may also be applicable. Team members are encouraged to review Spirit's Travel Policy prior to travel.

14. SPIRIT AIRLINES TARMAC DELAY PLAN

Spirit Airlines Contingency Plan for Lengthy Tarmac Delays includes the following:

- 14.1 For domestic flights, Spirit Airlines will not permit an aircraft to remain on the tarmac for more than three (3) hours before allowing customers to deplane unless:
- a) The pilot-in-command determines there is a safety-related or security-related reason (e.g., weather, a directive from an appropriate government agency, etc.) why the aircraft cannot leave its position on the tarmac to deplane customers; or
 - b) Air Traffic Control advises the pilot-in-command that returning to the gate or another disembarkation point elsewhere in order to deplane customers would significantly disrupt airport operations.
- 14.2 For international flights operated by Spirit Airlines that depart from or arrive at a U.S. airport, Spirit Airlines will not permit an aircraft to remain on the tarmac at a U.S. airport for more than four (4) hours before allowing customers to deplane, unless:
- a) The pilot-in-command determines there is a safety-related or security-related reason (e.g., weather, a directive from an appropriate government agency, etc.) why the aircraft cannot leave its position on the tarmac to deplane customers; or
 - b) Air Traffic Control advises the pilot-in-command that returning to the gate or another disembarkation point elsewhere in order to deplane customers would significantly disrupt airport operations.
- 14.3 For all flights covered by this plan, Spirit Airlines shall do the following:
- a) Provide adequate food and potable water no later than two (2) hours after the aircraft leaves the gate (in case of a departure) or touches down (in case of an arrival) if the aircraft remains on the tarmac, unless the pilot-in-command determines that safety or security considerations preclude such service;
 - b) Ensure operable lavatory facilities, comfortable cabin temperatures, as well as adequate medical attention if needed, while the aircraft remains on the tarmac;
 - c) Ensure that the customers on the delayed flight will receive notifications regarding the status of the delay every 30 minutes while the aircraft is delayed, including the reasons for the tarmac delay, if known;
 - d) Ensure that the customers on the delayed flight will be notified beginning 30 minutes after departure time (including any revised departure time that customers were notified about before boarding) and every 30 minutes thereafter that they have the opportunity to deplane from an aircraft that is at the gate or another disembarkation area with the door open if the opportunity to deplane actually exists;

- 14.4 Spirit Airlines has sufficient resources to implement the plan; and
- 14.5 Spirit Airlines' plan has been coordinated with the following:
- a) Airport authorities (including terminal facility operators where applicable) at each U.S. large hub airport, medium hub airport, small hub airport and non-hub airport that the carrier serves, as well as its regular U.S. diversion airports, and will share facilities and make gates available at the airport in the event of an emergency;
 - b) U.S. Customs and Border Protection (CBP) at each large U.S. hub airport, medium hub airport, small hub airport and non-hub airport that is regularly used for that carrier's international flights, including diversion airports; and
 - c) The TSA at each U.S. large hub airport, medium hub airport, small hub airport and non-hub airport that the carrier serves, including diversion airports.

Recommendations:

If you have time to plan and are flexible with your travel dates, booking travel and purchasing your reservations in advance may result in a lower fare, especially during peak travel seasons and holidays.

2. Notify Customers of Known Delays, Cancellations and Diversions

We will give our customers, whether at the airport, onboard an aircraft, or elsewhere with computer or telephone access, the best available information regarding delays and cancellations in a timely manner.

Because we know that timely and accurate communication regarding travel interruptions is important, we make every reasonable effort to provide customers and employees with the most accurate, up-to-date flight information as quickly and frequently as possible.

Recommendations:

Prior to your trip, you can visit our Flight Information page on [Spirit's website \(www.spirit.com\)](http://www.spirit.com) for flight and travel information. When making your reservations, providing Spirit with your contact information (phone numbers and/or e-mail address) can help us reach you in the event that a delay or cancellation becomes apparent before you leave for the airport or while you are in transit. Simply enter the information when making a reservation online at [Spirit's website \(www.spirit.com\)](http://www.spirit.com) or give it to your Spirit Reservations Agent.

If a flight is delayed or cancelled, Spirit works automatically to re-accommodate customers in advance when possible. If you miss your connection due to a delayed flight, or if your flight is cancelled, a new boarding pass for your revised itinerary may be obtained at the airport.

3. Deliver Baggage On Time

We strive to ensure that all checked baggage arrives at your final destination on time; however, representatives will be available during posted hours for customers who require assistance with mishandled baggage.

In the event your baggage does not arrive at your destination with you, please file a delayed baggage report to immediately initiate a search for the missing piece(s). Once your belongings are located, they will be returned to you as quickly as possible. Retain your baggage claim receipts for tracing and settlement, if necessary.

If your baggage cannot be located within five (5) days, you will need to complete a Customer Property Form (see Spirit's Contract of Carriage [section 7.3.7](#)) so that our Luggage Resolution Department can assist with advanced tracing.

[The Customer Property Form can be obtained online at: http://spirit.zendesk.com/entries/21354141-Customer-Property-Form.](http://spirit.zendesk.com/entries/21354141-Customer-Property-Form)
